Benediction Rev. E. J. Davis Pastor First Methodist Church

## An Open Letter

TO THE CITIZENS OF CAMERON: A city's soul is no more and no less than its political principals.

It is these principals which politicians try to follow and by which our children are influenced for better or worse.

Let us hold these principals high and elect to public trust only those who will react well in face of temptation and not use their office for private gains.

From the report in the newspapers and the disturbed attitude of some of our citizens one must conclude that a cloud of suspicion hangs over the City Council which should be removed.

If there has been no public wrong committed by any member of the council the people should know it.

If any are guilty the people should know that too.

This can be done by an INDEPENDENT AUDIT, and when the audit is completed should be published in the paper.

No public officer should object to discussion of his public record so long as it is based on fact and discussed with decency.

Very Sincerely,  
A. N. Green

## City Council Progress Report From April 1952 To April 1956

The regular work which is covered by routine details and work is familiar to you as it is regular work performed by preceding Councils so this will not deal in that part. This report is designed to bring to you a report of projects other than these.

It was our thinking that our City had fallen a victim to a lethargic content with its aged civic units such as dilapidated sidewalks - narrow streets - street dust nuisance - utilities using outdated wiring - inadequate sewer lines - public resistance to sanitary connections - park facilities needed - low water pressure and small mains, lack of pest control bath house at swimming pool badly needed - fire plugs too small and too few - illegal traffic lights and signs - naming and numbering and marking of streets - house numbering - co-operation with the State Highway Department to build and locate large center

here - and others.

The Councils were in agreement on the need and one by one they were started and completed in addition to the regular operations. The concern of the Council was at all times to accomplish any needed project provided we could so fund it as not to increase the taxpayers load. This at times put our Finance Committee on the spot for figuring ways and means but they came through with the able assistance of the City Secretary, Mrs. Neomi Needham. Also the City had been aware of and rectified the need for housing growth. In line with this thought it has assisted in many ways to encourage building and industry.

This was evident in the following projects - Chandler Addition - Milam Motel - Cameron Compress Warehouses - Graham Addition and most recently the Country Club Estates.

See Council, page 6

## County Dads Hear Petitions For Maps; Against Bats Monday

A definition of county voting precincts in Milam County was called for by a committee of ladies appearing before Commissioners Monday.

Action by this commissioners court then declared by the spokesman for the commission, Judge Charlie Smith, to be not only possible but desirable. Study of the costs of preparing a map of the precincts and establishing markers was then ordered.

Judge Smith explained that the field notes which have been handed down over the past 65 years and mentioned such landmarks as a "Blackjack Tree" and old roads, which long since have given way to modernity have rendered such notes practically worthless. The Judge then in the discussion of costs which ensued expressed the opinion that there should be a co-ordination between the Democratic Committee and County officials.

The abandonment of several voting boxes which were ordered in February session of the Court will do away with some of the smaller boxes in view of the vastly improved transportation which makes it possible now for the people residing in those areas to vote in the larger boxes rather than have a full set of officials man the boxes. In at least one instance, the number of officials holding an election practically were the same in number as the voters. This same movement toward centralization has been carried out in the consolidation of the small schools into the Independent Districts it was pointed out by

If They Think I'm Gonna Move

## THE JURY IS BATS

**BATS INFEST MILAM'S COURTHOUSE.** The critter shown above is apparently angry at being "chased out of his quarters" in the jury quarters on the third floor of the courthouse. Of course other "occupants" of the jury room were quite as indignant as this fellow but he tells the story of all the flies, fleas, lice, mites and bats who are summarily run out of their quarters or otherwise disturbed from time to time by Milam County Juries.

A complaint has been filed with County Commissioners by the most recent jury praying that the court expel the little monster and his cohorts once and for all. The spokesman for the bat population denies all allegations and DEMANDS his right on the grounds of preemption.

Commissioner Raney.

The ladies who presented themselves from Rockdale were: Mrs. Joe Smith, Mrs. Leonard Allen, Mrs. Roland C. King, Mrs. C. L. Nichols, Mrs. Fred Weiser and Mrs. L. G. Schroeder the groups spokesmen.

Mrs. Schroeder declared that she really didn't know how she got into this committee work but that someone who had had a poll tax bought by someone else asked her what voting box he would vote in started looking around and found that it was practically impossible to determine which precinct he lived in because the

county could furnish no map. Judge Smith pointed out that the existence of maps showing markers defining the precincts could be very important in any possible bond election.

The action on the proposal by the ladies now becomes one of "finding the money" and ordering the work done. It was further pointed out that even the county lines are indefinite except in one instance. That being the Williamson County line which was marked as a WPA project during the 1930's. Burleson, Falls and Bell county lines are not marked.

Bids will be received from competent surveyors to survey, mark and furnish maps of the precincts, county lines and furnish maps and in so far as practical to adhere to

existing precincts. The motion was made by Raney and seconded by Markham.

The court was petitioned by the Jury which functioned in the compensation case of Nolan Doss last week as follows:

To The Honorable Commissioners of Milam County, Texas  
Subject: Condition of the Jury Room

We the undersigned jurors wish to state that the condition of the jury room where we and other jurors are required to stay while serving on a jury is deplorable and that humans should not be required to remain in these quarters. We found mites, bats, and a general uncleanness of these quarters.

We hereby petition you to see that these quarters be improved by cleaning, painting, disinfecting and so forth. This should be done in the interest of health protection for the men called upon to serve upon the juries of this county.

Signed

S. D. Lawhon, Fred Peed, Rodney Fontaine, Arthur Inge, Roy Wright, Herbert Thweatt, Alex Groppe, Q. W. Joiner, James M. Tucker, E. L. Jauchler, J. B. Ely, Donald K. Glimp, foreman.

See County Dads, page 6

## Speedboat Races At Lake Belton Sunday April 15

The Temple Boat Club is having their first speedboat race of the season on April 15 at Lake Belton in the Tennessee Valley Park Area. Races are scheduled to start at 1:30.

There will be 39 trophies and two high point awards given to the first three places of the 13 races.

There is plenty of free parking space and cold drinks and sandwiches on the site.

Speedboats from San Antonio, Austin, Seguin, San Marcos and Waco are entered.

## Dr. M. H. Bartlett 32, Inflicts Death On Self At Home

Memorial services for Dr. Marvin H. Bartlett, 32 a Garland, Texas physician, were held at 10 a.m. Tuesday at St. David's Episcopal Church where he was a member; in Garland.

Dr. Bartlett died about 3 a.m. Sunday at his home in Garland. Justice of the Peace Fred Brown returned a verdict of death due to self inflicted gun wounds, and he was pronounced dead by Dr. Joe Neal of Dallas a friend of the family.

A native of San Antonio Dr. Bartlett graduated from Baylor University School of Medicine and interned at Hermann Hospital at Houston.

Before going to Garland Dr. Bartlett was for five years with the Denson Clinic and was chief of Staff at the St. Edwards Hospital. He was Secretary-Treasurer of the Milam County Medical Association and a member of the Junior Chamber of Commerce.

He established his Garland practice in February 1954. He was a member of the Dallas County Medical Association and of the American Medical Association.

The body was sent to San Antonio where funeral service and interment was held Wednesday, at 1:30 p.m. from the Porter-Loring Funeral Chapel.

He is survived by his widow, one son Bruce; two daughters, Christina and Jana, all of Garland his mother, Mrs. Minnie Lee Payne of San Antonio and a brother, O. D. Bartlett of San Antonio.

## G. S. Raney Asks For Re-election As Pct. One Commissioner

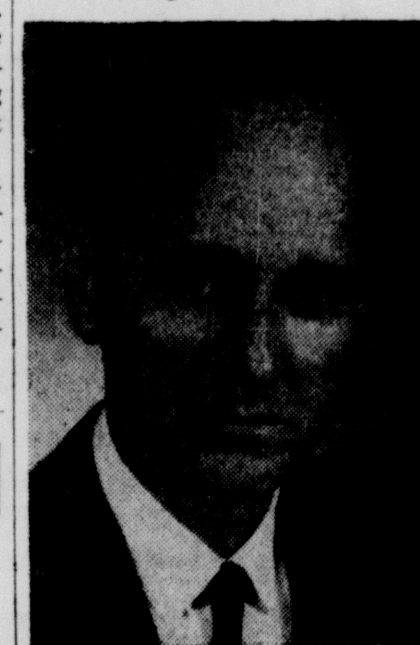

C. S. Raney is announcing his candidacy for re-election to the post of Commissioner in Precinct 1 said "I will continue to transact the county business as I have in the past.

My biggest ambition when I started was to get all the school bus routes gravelled and get all the school children out of the mud which has been accomplished at this time.

I will continue to cooperate with the highway department in every way to have better highways and more Farm to Market roads for Milam County.

Mr. and Mrs. Fred Davenport Sr. were in Waco on business last Saturday.

## Jack W. Prescott Files For County Attorney Post

Jack W. Prescott

I wish to take this opportunity to announce my candidacy for the office of County Attorney of Milam County.

I am a licensed attorney and have been practicing law in Texas for seven years, over four years of which has been in Milam County. Since moving to Milam County in 1951, I have been County Chairman of your Red Cross chapter, Post Commander of the Cameron American Legion Post, on the Board of Directors of the Cameron Lions Club, on the Board of Directors of the Cameron Chamber of Commerce, and have held many other civic positions. I obtained my college and legal education at the University of Texas and at Baylor University.

My platform in running for this office will consist of the following points:

1. I will move to and keep regular hours.

See Prescott, page 6

## School Bonds Totalling 8 1/2 Millions Approved

As of March 30, Attorney General John Ben Sheppard announced the approval of eight and half million dollars in school district bonds throughout Texas.

Among those approved was the \$225,000 for building of O. J. Thomas School in Cameron.

In the instance of the Cameron bond issue the money has already been turned over to the district and is on time deposit at interest.

## O. J. Thomas Contracts Let For Sept. 15 Completion

The O. J. Thomas construction may be ready for the opening of school in September and might miss a few days with contracts let by the Cameron Independent School Board Wednesday, March 4, allowing 150 days for completion of the job.

Tecon Corporation a highly rated construction firm of Dallas, won the contract for the building with a low of \$125,700 for a job exactly as shown in the picture recently run in the Cameron Herald.

This includes a covered walkway which serves as loading and unloading docks. There were 13 bidders in the general contracting category with the highest bid recorded being \$155,827. Thus the spirited competition for the work showed up in the credit column for the School District upwards of \$30,000. Some of the people at the meeting showed surprise at a firm as large and competent as Tecon of Dallas bidding on such a comparatively small job. Both

firm members of Geren and Son Architects of Fort Worth were present for the letting and were highly pleased with the winning firm.

In the Plumbing and heating race seven bidders vied and the contract went to Haverson Plumbing Company of Bryan with Kabella of Temple a reasonably close second low. On checking the low bidder by telephone calls the firm was found to be highly suitable and the award went at \$18,957; the Kabella bid was short of \$2,000 more. Kabella got the contract on the Ben Milam construction when it was built. Seven bid in this category.

Moeller Electric Company of Waco was low among six bidders of the wiring and fixtures with a bid of \$1,200.

See Contracts, page 6

## C. N. Dodson Resting Well Following Surgery

Mrs. C. N. Dodson, manager of Culpepper's Jewelry is resting well after undergoing surgery at Scott and White Hospital, Temple, April 5. Her son, Lt. Clyde Dodson from Camp Polk, La. was here to be with his mother for several days.

Mrs. Dodson is expected to return to her home the last of this week.

**UPON REQUEST** Reverend John Solomon, pastor of the First Presbyterian Church in Cameron makes the following observation:

## CAMERON, BE THANKFUL

No one knows what a day will bring forth. We make our plans, pursue our selfish ways, fondle our pet peeves, blame everyone else for our mistakes, and bemoan our lot in general. How seldom do we realize that we should be eternally grateful to Almighty God for planting our feet in pleasant places. Some of us were made to realize our selfishness and ingratitude last week when tornadoic winds whipped up to the southwest of us, passed over us, and struck a scant fifty miles beyond us leaving more than a million dollars of damage in its wake.

The question may arise in our minds as to why we were spared, and the people in our neighboring city were hit by the tornado. We cannot know all of the purposes of God, but at least one thing we know—we should fall on our knees in humble gratitude to Almighty God for sparing our homes, our children, and ourselves from the havoc and destruction which so easily could have come our way. **ARISE, CAMERON, AND DEMONSTRATE YOUR GRATITUDE.**

## Don G. Humble And Dr. David Shapiro Win School Post

Ending a long career of public service to the Cameron Independent School District in elections on Saturday are Dr. C. G. Swift and Leo Fuchs, chairman and secretary of the board respectively.

Leading the ticket of four by a topheavy vote was Don G. Humble who piled up 596 votes with Dr. David Shapiro trailing him with 383 to take over the two spots now held by the veteran school board members.

At first declaring their intentions to desist from again seeking the posts which they have held for a number of years both Swift and Fuchs were later petitioned to run so that they might complete the work on improvements to the school system voted by the electorate recently.

Don Humble said of his election that "I was tickled and flattered all to death and hope that I can live up to the confidence the people placed in me."

Dr. Shapiro was asked for comment and his whole statement dealt with his gratefulness. "I want to thank all who voted for me and the many who I find worked for me whom I didn't even know. I will do my damndest to do my best for them on the school board as they did for me. I am grateful for the large turnout and appreciate the great interest shown in my candidacy and to those who didn't vote for me I hope that I can gain their confidence in my work on the school board."

Dr. C. G. Swift congratulated district on making a wise selection of the board members and assured the press that the two new members will find an opportunity to do a fine service to the school board.

## R. C. (Bob) Nelson Seeks Re-election As County Attorney

Robert C. (Bob) Nelson today announced that he would offer himself for re-election to a second term as county attorney for Milam County.

Nelson was elected to this office for his first term in 1954 by a majority of almost two to one.

In announcing his candidacy for a second term as County Attorney he expressed his sincere appreciation to the citizens of Milam County for their co-operation and encouragement during his first term.

"It is my earnest desire," he said, "that I may be worthy of all times of the trust the people of this county have placed in me, and, if re-elected, I will continue to prosecute all violators of the law to the best of my ability, without prejudice or favor toward any person or group."

Nelson stated that he would appreciate the consideration and support of all persons who believed in an honest and vigorous approach to the prosecution of violators of our criminal laws.

school patrons. "They will find, in my opinion, a good school system and will have a most pleasant group of people with whom to work."

Leo Fuchs the outgoing secretary wanted to thank all who voted for him and asked that the press assure all that he put forth every effort while serving in the capacity of trustee. As did Dr. Swift, the outgoing chairman, he underscored the fact that the new trustees will find a find group of men to work with on the board. He assured that he had enjoyed his contact with these board members and Superintendent Hanes.

The vote was: For Don G. Humble 596; For Dr. David Shapiro 383; For Dr. C. G. Swift 351 and For Leo Fuchs 346.

## Buckholts Luther Leaguers Hold Monthly Meeting

The Buckholts Luther League held their monthly devotional and business meeting Sunday night.

The devotional was opened by Juliann James and Lawrence. A skit was presented by Evelyn Glaser, Jean Fischer, Howard Gorton, Theodore Fuchs and James Glaser. Rev. Pietsch gave a short talk after the skit.

Twenty-two young people were present with Rev. and Mrs. Pietsch as special guests.

**MILTON F. BROWN, JR.** Publisher  
Entered in the Postoffice at Cameron, Texas, as mail matter of second class under an act passed by Congress, March 8, 1879.  
Published every Thursday. Subscription rates: In Milam County \$1.75 per year; outside county, \$2.75; out of State \$3.50.

#### LITTLE RIVER PHILOSOPHER COMES UP WITH NOVEL PLAN FOR GETTING RID OF EMBARRASSING FARM SURPLUS.

Editor's note: The Little River Philosopher on his Johnson grass farm on Little River discusses the farm surplus problem this week, without making any notice. Dear editor:

As I understand the farm problem, prices are lower than they used to be because of the surplus.

Furthermore, the way I understand it, the surplus is owned by the government, and as long as the market is aware of that surplus, what a farmer gets for what he grows this year is liable to be affected.

Therefore I have been thinking about the problem off and on for the last few weeks, on the theory that whatever this country has, it hasn't got a surplus of thinking

and even if it did the amount I do wouldn't contribute to the total very much.

I have read all the suggestions I could find for eliminating the surplus, including one that Congress pass a law abolishing it and the newspapers top mentioning it but so far none of them seem very effective and the situation remains the same; the government can't afford to give the surplus away and on the other hand can't afford to keep it, and if it sells it it'll depress prices worse than ever.

But here's the thing: this is an age of scientific experiment, and why can't the government use the surplus to experiment on? As I understand it, in a few weeks the government is going to spend 75 or 80 million dollars experimenting with some new hydrogen bombs, setting them off to see what happens. In previous tests of this kind, bombs have been set off to see what effect they'd have on different type houses, refrigerators, bedsteads, dummies, etc.

Has it ever occurred to you that the government hasn't yet experimented to see what effect an atomic explosion would have on a hundred million pounds of butter?

How would a warehouse full of wheat stand up a mile from point zero? Two miles? Three miles? All over the area? Does fall-out effect the quality, staple length, etc. of cotton?

Here we've got all this surplus stuff stored and nobody knows how it would stand up in an atomic raid. Why doesn't the government haul about half this surplus out to the Pacific or wherever the spring tests are going to be made and drop some bombs on it, purely in the interest of scientific experimentation? If the tests are inconclusive, haul the other half out and try again.

If you don't think this suggestion has any merit, let's see what suggestions you have for getting rid of the stuff.

Yours faithfully,  
J. A.

#### Listen To Your Radio Don't Hide On First Report

Tornadoes, those small but dangerous whirling windstorms that average less than one-quarter in mile width, usually increase in number with the coming of spring. In preparation for the 1956 tornado season, the United States Weather Bureau has strengthened its defenses by arranging for more instrumental equipment and faster communications to provide better public warning services for the protection of life and property.

Weather Bureau meteorologists who have been trained to recognize the possibility of dangerous weather situations will issue tornado forecasts when there is a reasonable chance that one or more tornadoes will occur. The boundaries of areas described in tornado forecasts are as accurate as possible under present day forecasting techniques, but there may be times when tornadoes will occur outside the predicted tornado area boundaries.

Tornado forecasts are also made for the purpose of alerting storm reporters and others to watch the clouds for tornadoes when the weather becomes threatening. The Weather Bureau emphasizes that people should not run for cover immediately after hearing a tornado forecast broadcast over radio and television stations. However, people should be prepared to take safety precautions in case a tornado is sighted later, or in case warnings are issued that a tornado is now approaching.

Tornado warnings, as distinguished from tornado forecasts, are issued when a tornado has been sighted. The weather Bureau is able to provide these warnings through the cooperation of many thousands of public-spirited citizens, including state, local public and private organizations who have agreed to report any whirling, funnel-shaped cloud or other trade-marks of a tornado. Storm reporters know that prompt reports are essential from 25 to 40 miles an hour, and within half an hour. Some tornadoes, however, move forward for several hours before dying out.

There is always possibility that tornado reports from the Weather Bureau's reporting networks may not be received in time for warnings to be issued for communities in the immediate path of a tornado.

#### Vern Sanford Indictment Is Test For Revised Election Laws

By A. Morton Smith

Hundreds of PERSONS throughout Texas could be indicted for that section of the election code which recently resulted in the returning of two true bills against VERN SANFORD, executive director of the Texas Press Association.

It is highly probable that Milam county citizens are among those who violated the law in the 1954 election. And we are quite certain if there were such violations they were in ignorance of the strict revision of the Texas election code adopted by the legislature in 1951.

The revision of the election laws which resulted in the first major changes in approximately 45 years, was through a committee of nine members appointed under a resolution adopted by the legislature in 1949.

ACCORDING TO THE election laws, as interpreted by the Austin American every candidate for nomination or for election to a state or district and an assistant campaign manager for each county. Appointment of the state manager must be filed with the secretary of state. Appointments of assistant managers must be certified to the district clerks of the counties.

The code defines the purposes for which candidates, their campaign managers and assistants can expend money. A full accounting of the expenditures must be made. There is no limit on the total of these expenditures.

The code prohibits corporations from making contributions to candidates.

CONTRIBUTIONS of an individual, except those made direct to the candidate, his campaign manager or assistant campaign managers, and thus to be included in the report of campaign expenditures are limited to: \$25 for telephone, telegraph or mail expense for or against a candidate; one's personal services and personal traveling expenses to aid or defeat any candidate.

Thus, under the election code, any expenditure for political advertising to be lawful, must be made with the authorization of the candidate, his manager or assistant managers and must be reported.

In some cases, telephone lines may be blown down with the result that the reports can not be received. In other cases, a tornado may develop on the edge of a town and become an immediate threat to the people there. For these reasons, many towns have been advised to develop their own reporting and warning systems. Suggestions for establishing a community tornado warning network may be secured by writing the nearest Weather Bureau office, or the U. S. Weather Bureau, Washington 25, D. C.

The safety precautions to be taken when a tornado is approaching, depend on a person's location at that time. The precautions include:

1. Take shelter in a storm cellar or other underground excavation whenever possible.
2. If underground protection is not available, take shelter on the lower floors of a strongly reinforced building. In homes, the southwest corners of basements usually offer greatest safety, particularly in frame houses.

In open country, move at right angles to the approaching tornado. If there is no time to escape, lie flat in the nearest ditch or depression.

ported as part of the campaign expense.

The penalty is placed on the individual originating the advertising. There is no penalty in the code that prohibits a newspaper from accepting political advertising if it is not authorized as campaign expenditure by the candidate, his manager or assistant managers.

The fact remains that hundreds of persons placed paid advertising in Texas newspapers in the 1954 campaign without knowledge of the candidate and without realization that he as an individual was violating provisions of the election code.

#### FHA Offers Aid In Bookkeeping To Farm Homes

Keeping close tab on money spent running a farm and farm home and getting a large part of the family food from the farm itself are marks of efficient farming. Roy M. Wright local county supervisor of the Farmers Home Administration, said this week.

Besides lending money to farm families, Mr. Wright said, his agency helps them with farm and home planning problems and supplies technical aids in farm and home management so they can make the most of their land and family labor resources and repay their debts.

Farm families are consumers as well as producers, he said, and families with Farmers Home Administration loans call on the supervisor for aid in planning expenditures. He helps them get started on keeping farm records, and those records usually show that family living items can easily

amount to one-fourth of the gross farm income.

A good farm garden is an essential part of everyday farm and home plan for the family that is seriously trying to save money, make the best of opportunities, and repay debts, he added. He pointed to butchering home meat supplies, producing their own milk and eggs, and proper conservation of all home produced food as being among other factors in efficient farm and home planning. He said, a good food production and conservation program can save a family from \$200 to \$1400 a year. A good example of this is the Herman W. Hoescher family of Route 1, Cameron, Texas, who produced and used \$1337 worth of food during 1955.

The Farmers Home Administration urges its borrowers to turn to the county home demonstration for help with family living problems. As a result, many of the wives are joining Extension women's clubs and in some places new clubs are being formed to include the young farm homemakers. The home demonstration agent also helps with individual home needs such as planning kitchen improvements, money management, food production and con-

servation, and health problems. Mr. Wright said he is well satisfied with the progress Farmers Home Administration families are making in better farm and home planning.

The Farmers Home Administration makes loans to farm families to improve their farming operations, or to buy, improve, develop, or enlarge their farms, and under certain conditions to meet farming and farm income to the emergency needs. The loans do not compete with commercial or cooperative credit but the agency does supplement other lenders' services by providing technical assistance and credit to farmers whose credit needs cannot be met from other sources. These families are helped to improve their point where they can graduate to the use of regular credit sources.

#### Americans Live It Up

The Institute of Life Insurance in New York says Americans went into debt last year more than one and one-half times as fast as they added to their long-term personal savings.

The Institute said total personal debt - including instalment credit and mortgage debt - increased by more than 20 (B) Billion Dollars.

That's the biggest annual jump on record. At the same time, long-term savings of individuals - not, however, including home owners' equities - increased by about 12 and a half (B) Billions.

Texans! Before you buy any new car, drive the *Texan* and...

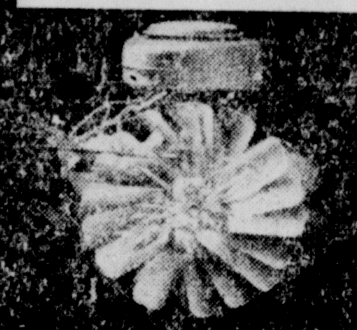

## DISCOVER THE DIFFERENCE IN DODGE!

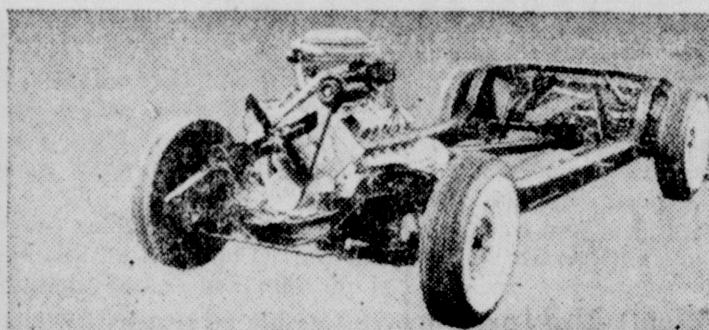

This isn't just "big" talk. Dodge actually is bigger all around—up to 7.7 inches longer than cars in its own field, 14.5 inches longer than cars in the "low price" field. Dodge is bigger inside, too. More legroom front and rear! More hiproom front and rear! Dodge gives you plenty of room to relax in comfort.

Dodge push-button PowerFlite makes every other way of driving old-fashioned. It's mechanically perfect—the easiest, safest, surest way of driving ever developed. Just touch a button and go!

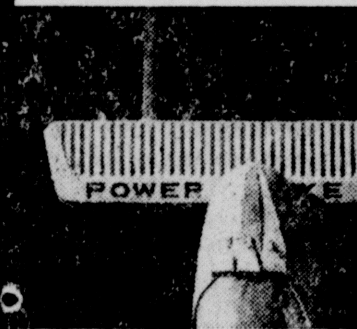

Dodge is powered for today's driving! Aircraft-type 260 hp. V-8 engine develops tremendous break-away power!

Solid—that's the way Dodge builds 'em! From the frame right on up, Dodge is engineered to take the roughest punishment. EXAMPLE: Box-section side rails provide greater strength and ruggedness than common I-beam or U-channel type used in most other car frames. Crossmembers are extra heavy. Here's solid dependability.

Who says parking isn't fun? Dodge power steering does 80% of the work, takes fewer turns of the wheel than other cars.

You can stop on a dime—with Dodge power brakes. Front wheel brakes have two cylinders, two anchors for positive, predictable stops.

It's America's performance champion! No other car has ever given such proof of superior performance. In a 14-day run at Bonneville, Dodge outclassed American stock cars and European sports cars both—shattered 306 AAA records in all, including 27 world records.

## MH Baylor Prexy Speaks Today At All Saints Hall

Dr. Arthur Tyson, Baptist minister, educator, and president of Mary Hardin-Baylor College, will speak to Cameron women in All Saints Episcopal Parish House today.

His topic will be "Essentials of a Christian Home."

The Three Arts Study Club of Cameron is sponsoring the program for Cameron Clubwomen to at 3 p.m. A musical number from the college is also planned.

Dr. Tyson is a frequent speaker at clubs, school groups and religious meetings. A graduate of Baylor University and Southern Methodist University, he will be included in the forthcoming edition of "Who's Who in American Education."

Arrangements for his appearance are being completed by Mrs. Milton Brown, Mrs. W. H. Garner, Mrs. A. H. Baskin, Jr., and Mrs. James Kahler.

## Former Milam Countian Dies At Winters

Mr. Lee Allan, 56, a former mayor of Winters, died in the Win where he had been confined since Thursday after suffering a heart attack.

He was born in Cameron, October 29, 1899, and moved to Ballinger with his parents in 1904. After graduating from the schools in Ballinger, he entered the U. S. Navy in May 1917, spending 13 months overseas. Following his discharge in 1919, he worked in Oklahoma for a time, returning to Ballinger in 1930.

In 1942, he was a guard at Bruch field. After the war he moved to Winters where he operated a laundry for three years. He began work with the city in 1948, serving in the office of the city secretary for one year, was

## America's New "Sweetheart" Meets The Stars

Wearing the crown of America's "Sweetheart of the Corn," Anita Nell Miller of Battle Creek, Mich., poses prettily with Mr. W. H. Vanderploeg, left, president of the Kellogg Company, and Andy Devine, who emceed the 50th Anniversary ceremonies of the Kellogg Company, at which time Miss Miller was formally presented with her title.

Following the ceremonies, the new "Sweetheart" was flown to Hollywood where she appeared on Art Linkletter's "House Party." While on the Coast, she was the guest at Warner Brothers Studio and had lunch with Gig Young, Clint Walker and Vera Miles.

She visited the Mocambo nightclub and danced with George "Superman" Reeves who took her to Ciro's where she was introduced to Orchestra Leader

Dick Stabile of the Martin and Lewis program, and the De Castro Sisters who were featured there.

At the Brown Derby, Miss Miller had lunch with Eddie Cantor, Gene Raymond, the King Sisters, Ernest Borgnine, Richard Carlson, Don Gardner, David Rose and Doris Dowling. She had tea at 20th Century Fox with Guy Madison, star of the "Wild Bill Hickok" TV series.

Horace Heidt feted her at the Beverly Hilton Hotel where a dinner party was given in her honor in the Ball Room.

## News From Milano

MRS. DAN ROBINSON

Only 21 votes were cast in the trustee election here Saturday. The three outgoing Trustees were re-elected.

Mr. and Mrs. Carl Newman and children of San Antonio were weekend guests of his mother, Mrs. Millie Newman.

Mrs. J. M. Cox of Lometa is a guest in the home of her son and family, Mr. and Mrs. Doyle Cox. Mr. and Mrs. Monroe Pierce and family of Houston were visiting in the home of his Father, M. J. Pierce and sister, Marylene.

Mrs. Dan Robinson has returned home from a pleasant visit with her children in Temple.

Mr. and Mrs. Billie George Miller of Hearne spent Sunday here with his Mother, Mrs. Maggie Miller.

A family reunion was held at the Harold Neal home Sunday. For eats the family had a barbecue luncheon with all the trimmings. Families from out of town were: Mr. and Mrs. T. A. Maty-jersky, Tulsa, Oklahoma; Mr. and Mrs. Carl Newman and child-

chief of police for a year, and in 1953 was elected mayor of Winters.

He married Mrs. Jewell Kincannon Roper in 1932.

He was a member of the First Veterans of Foreign Wars, Odd fellows Lodge, Masonic Lodge, and had served as assistant chief of the volunteer fire department.

Survivors are his wife; his step-mother, Mrs. B. F. Allen, of San Angelo; two sisters, Mrs. H. B. McAvan and Mrs. L. H. Briant both of San Angelo; one step-son, A. L. Roper of San Antonio; and two grandchildren.

Funeral services were at the First Baptist Church in Winters. Members of the Volunteer Fire Department served as pallbearers. Masonic rites were held at graveside.

Among his Milam County relatives attending the funeral were Homer Allen, Grady Allen, Mr. and Mrs. Rip Woods.

## HIGHWAY HORSE SENSE

BY GEORGE CARROLL

TRIP TO THE MOON, ANYONE? The United States has the largest highway network in the world—3,394,561 miles of roads. That's equal to more than 14 times the distance to the moon. Russia is a very poor second with 1,682,000 miles. But Russia doesn't have as much paved highways as the State of Florida.

LOOK OUT FOR THE HORSES. Mile for mile, horse travel was actually more than four times as fast as auto travel, the National Safety Council reports. Their figures show that in 1909 (the peak of horse travel) the fatality rate was 30 deaths for each 100 million miles of travel. The average horse traveled 500 miles in a year.

Today with the average car doing about 10,000 miles a year, fatalities are about 6.5 per hundred million miles.

\$6 1/2 BILLION TUNE. "Everyone wants good roads but no one is willing to pay for them." How many times have we heard that statement. Actually, the American motorist who pushes around that old family buggy is not only willing to pay for roads—he is

already paying for them to the tune of \$6 1/2 billion a year.

He's paying taxes on his gasoline that amount to more than a 35% sales tax. His automobile is taxed at 10% . . . tires, tubes, and accessories are also hit hard. On a national average, a motor vehicle owner pays about \$110 a year in taxes just for the privilege of driving a car.

SHORT STARTLERS. The old Stanley Steamer startled the world in 1906 with a speed of 127 miles per hour. A year later another "peanut roaster"—that's what they called the steam car—was caught at 190 miles per hour.

The average wage earner has to work 25 minutes to pay the tax on ten gallons of gas.

NUT CRACKER. We've heard of many ways to shell nuts but never the one that confronts the sheriff in Murfreesboro, Tennessee. Farmers there have been strewing the roads with walnuts so that the wheels of passing cars will shell them. It's a good idea but it's against the law. The sheriff wants it stopped.

activities serving as sophomore vice president, and participating in the Junior play of "MacBeth". Betsy plays first clarinet in the band and has played also in a band quartet and swing band.

She has taken the Citizenship Trip held in Galveston in June for the past three years.

The outstanding teenager is a member of the History Club, has been a member of the Student Council for two years, and served as president one year. She attended the State Student Council Convention in Midland one year. She also holds membership in the Future Nurses Club and recently attended the state meeting of Future Nurses Club in Dallas.

She is a member of the annual staff, the Chant staff, and participates in interscholastic events.

She is a member of the First Presbyterian Church where she is president of the Youth Group, secretary of her Sunday School Class

a member of the church choir, and a substitute Sunday School teacher.

## Sarah McCalla DAR Hears Mrs. Currie Of Lott

"The History of Education in the United States" was summarized by Mrs. D. E. Currie of Lott at the April meeting of the Sarah McCalla Chapter Daughters of the American Revolution April 5.

The meeting, held in the home of Mrs. John B. Henderson, was opened with the singing of the "Star Spangled Banner." Mrs. Henry M. Hefley, regent, conducted the ritual and members saluted the American flag. Mrs. G. A. McDermott, chairman of national defense, discussed the groups working for the repeal of the Walter-McCarren immigration act.

Highlights of the President General's message were presented by Mrs. James Kahler. Mrs. McDermott, secretary, read the minutes of the March meeting.

Mrs. Currie discussed the growth of education in the United States from the early days when boys served as apprentices that they might learn a trade as well as the three R's through the establishment of the first colleges down to our present day institutions. Included in her paper were the establishment of the first women's college, the granting of state and federal funds to education and the disappearance of the one-room school house.

The meeting was concluded with the presentation of the Daughters of the American Revolution Good Citizen awards to two Milam County senior high school girls.

aunt Maggie Flowers is feeble at this time.

Mrs. Mary Chapman is spending this week with Mrs. Leona Griswold.

Mr. and Mrs. L. W. Klapka and Mr. and Mrs. Walter Burnett were called to Corpus Christi Saturday to attend the funeral of Mrs. Leroy Klapka who was killed in a car collision Thursday night in Corpus Christi.

Mrs. Lillian Terry visited Mr. and Mrs. Jim Mann Sunday and attended Yarrellton church services Sunday evening at 7:30 p.m. Miss Kay Manning visited her uncle Cleve McCall Sunday and attended Sunday School and church services.

Mrs. Rufus Hurry is a patient in the St. Edwards hospital.

## Trend Favors Debeaking Of Broiler Chicks

Buying debeaked chicks for broiler production has become an increasingly popular practice among poultrymen, says Ben Wormell, extension poultry husbandman.

Chief advantages of debeaking are prevention of feather picking and cannibalism among chickens and turkeys. Live market grade of debeaked chicks is significantly better due to more complete feathering, and experimental evidence indicated that debeaked chicks tend to produce a pound of gain for less feed than non-debeaked birds.

Day old chicks are usually debeaked by the block method, searing off one-third both top and bottom beak. Debeaking of adult birds consists of removing one-third of the upper beak with a knife or a hot electric blade which carterizes the area.

When debeaking is correctly done, the only real discomfort is due to extra handling, says Wormell. The outer beak is the same type of material as horn and hoof, and careful removal does not produce pain. If laying hens are carefully handled during debeaking, egg production will not be lowered.

Debeaked birds tend to grow to more uniform size, feather more uniformly, be less nervous, and have better eating habits. It is reported that hatcheries charge 25 cents for debeaking 100 head, and where birds are raised in close quarters it would seem to be a good preventive investment for the commercial poultryman. Due to present trends, it is reason-

able to expect an increase in the number of chicks and turkey poults that will be debeaked at the hatchery, says Wormell.

## Holiday On Ice In Final Week Shows To Full Houses

Central Texas fans will have three more nights plus one day to see the action - crammed "Holiday On Ice" extravaganza which opened Wednesday night before a full house of Heart O' Texas Coliseum patrons in Waco.

There will be 8 p.m. performances on Thursday, Friday and Saturday plus the 2:30 p.m. Sunday matinee. All children of school age will be admitted for half price on Sunday.

Ice comedians Buddy and Baddy, the lovely and talented Kay Servatius, "Old smoothies" Phil Hiser and Genevieve Norris and blonde Shirley Winter drew the loudest applause for their expert performances on Wednesday night.

The colorful show lasts nearly two and one half hours with one intermission. Tickets ranging from \$1.50 to \$3.00 are available for each remaining performance.

## Jury Finds With Doss Vs. Insurance Co. Disability Suit

A Milam County jury found last week that Nolan P. Doss was totally and permanently incapacitated on July 7, 1953 while employed at the Alcoa plant in the county. The finding which, under the Texas Employees Compensation laws, allows the plaintiff 60 percent of his average weekly wage which was set at \$81.48 but not to exceed \$25 per week for the maximum of 401 weeks.

The plaintiff was represented by the law firm of Nelson and Jones of Rockdale and the Texas Employers Casualty Insurance Corporation by Burford, Ryburn, Hincks, Ford of Dallas. The Dallas legal firm was aided by the Milam firm of Camp and Camp.

Guests in the home of Mrs. J. L. York for the weekend were her daughter and husband Mr. and Mrs. H. H. Miller from Arlington and Mrs. Faye Moore and two children of Bryan.

# WHAT DO YOU MEAN, "JUST FACE LIFTING"?

EVERY NOW AND THEN, we run across someone who seems to think that 1956 cars do not offer anything really new—just a little face lifting from the year before.

We won't try to speak for the automobile industry. But we certainly can speak for Buick.

And let us announce in no uncertain terms—it's the newest thing on wheels.

### The Styling is New

Sure, it looks like a Buick. But it has a new V-powered grille that says 1956 and no mistake. The hood's new—the fender ports are new—the sweepers are new—and it all adds up to a new sweep-ahead look that ends in a sassy new slant to the rear contours.

But that, friends, is only the beginning.

### The 1956 Dynaflo\* is New

It introduces what the engineers call "double regeneration"—which means a double-action take-off. It gives you new,

split-second response in the first inch of pedal travel—plus the "switch the pitch" at full acceleration, which no one else has yet approached.

### The Ride is New

To coil springs on all four wheels, a brawny X-braced frame, and torque-tube drive, the engineers have added deep-oil shock absorbers to give new softness, new buoyancy, new comfort, and a brand-new "sense of direction" handling response.

### The Power is New

All 1956 Buicks have new 322-cubic-inch V8's—with record highs in power and compression—with unique new double "Y" manifold to step up efficiency—with new carburetor "deicing"

—and a host of other new features to make owning a Buick pure pleasure.

### The Thrill is New

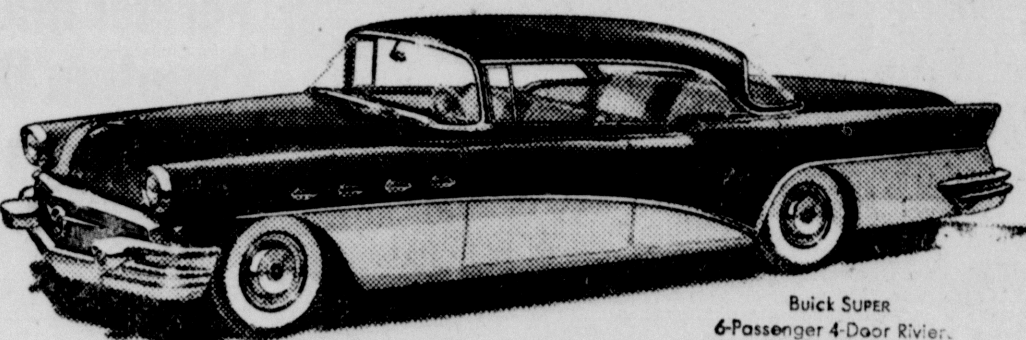

And the surest way for you to find out how right we are, is to sample a 1956 Buick yourself.

As we said before, this is the best Buick yet—by a wide measure—and when you learn the prices we're quoting, you'll know why this Buick is one of the three best sellers in today's market.

It takes a lot more than face lifting to produce such a winner as this.

\*New Advanced Variable Pitch Dynaflo is the only Dynaflo Buick builds today. It is standard on Roadmaster, Super and Century—optional at modest extra cost on the Special.

## News From Milano

MRS. DAN ROBINSON

Milano had high winds and some  
hail Thursday with a heavy rain  
that was badly needed. The torn-  
ado missed us for which we are  
very thankful.

R. E. Thwaitt has been in San  
Antonio with his daughters the  
past three months is here selling  
out his house hold goods, to make  
San Antonio his home. His daugh-  
ters are here helping him dispose  
of his furniture.

Miss Annie Mae Smith was in  
Temple Thursday to visit her sis-  
ter who underwent surgery re-  
cently.

Mrs. Margaret Black and daugh-  
ter Harriet of Temple spent the  
weekend here with her father Mr.  
and Mrs. John Myrick.

Mrs. W. E. Thomas has return-  
ed from a three week visit with  
relatives.

Easter visitors in the home of  
Mrs. F. W. Hooker and sons were  
her children, Mr. and Mrs. Robert  
Rogers and son and mother  
Mrs. Gysell Burdick of Sugarland.  
Mr. and Mrs. Allie Lantrip and  
son of Denver City, Mrs. Hook-  
er has been sick but is improving  
now.

Mrs. R. E. Ledbetter and son  
Robert of Austin were visitors in  
Milano Saturday. They brought  
flowers for Rev. Ledbetter's grave.

Mrs. Carl McKnight spent Sun-  
day here with her parents, Mr.  
and Mrs. Asa McGregor.

Mr. and Mrs. Frank Tyson spent  
Easter with her parents in the  
valley.

Mr. and Mrs. Alfred Jistel and  
children of Dallas spent the week  
end here with her mother, Mrs.  
Maggie Miller and his parents at  
Cameron.

Mr. and Mrs. Allie Lantrip and  
son George have returned to Den-  
ver City after a visit here with  
her mother Mrs. F. W. Hooker  
and sons.

Mr. and Mrs. Mobley of Galves-  
ton, Mr. and Mrs. McBride of  
Austin spent Easter Sunday with  
their grandmother, Mrs. Ollie  
Blackmon.

Mr. and Mrs. Ray Corbin spent  
the weekend in Jacksonville with  
relatives and friends.

Mr. and Mrs. Ed Lovie of Tem-  
ple spent Sunday here with her  
brother L. B. Dukes and Miss  
Gertrude Jones.

Mrs. Pearl Williams and Mr.  
and Mrs. Hugh Wimberly spent  
the weekend at Mercedes visiting  
relatives.

Mrs. Ann Fox presented her mu-  
sic class in a recital at the high  
school Tuesday night with a large  
crowd present.

Mrs. Clyde Pinkerton is recu-  
perating at her home here after  
several days illness in St. Ed-  
ward hospital in Cameron.

Rev. and Mrs. Fox spent Sun-

day in Brenham attending Church  
at the Baptist Church.

Mrs. Hazel Paschal spent Eas-  
ter here with her mother Mrs.  
Mima Stuart.

## That Old Time Religion At Ben Arnold Baptist

Old fashioned gospel singing  
with special music by Baylor stu-  
dents will form the back-drop for  
an old fashioned revival at Ben  
Arnold Baptist Church next Satur-  
day and Sunday April 14 and 15  
with Raymond Bailey pastor  
preaching.

Jess Smith will be the song lead-  
er and Martha Durr at the piano.  
Morning Services will be at 10  
a.m. and evening services at 7:30  
p.m.

Everyone is welcome.

## Industrial Committee Asks For Survey Of Prospective Workers

The Industrial Committee of the  
Cameron Chamber of Commerce  
has made a special request that  
all white or Latin American wo-  
men who would be interested in  
working in a garment factory  
make application at the Chamber  
of Commerce office. They stress-  
ed that experience was not neces-  
sary.

This survey is a necessary part  
of the work being done to bring  
another industry to Cameron. Les-  
ter Williams, chairman of the  
committee reported that progress  
was being made on this plant, but

## Charter Granted Scout Troop 123 At Barbecue

H. H. Coffield gave the Boy  
Scouts troop No. 123 from Sharp  
a barbecue at his ranch on Fri-  
day.

Vernon Alexander from Rock-  
dale presented the new charter  
for 1956 to the troop.

J. H. Baugh of Rockdale pre-  
sented the Certificate of Commis-  
sion for: Committeemen, George  
Triggs, Dwight Hine, Rufus Grav-  
es, E. L. Modestette, and W. D.  
Bales; Scoutmaster, the Rev. F.  
L. Powers; Assistant Scoutmas-  
ter, Marvin Theford; Explorer-  
Advisor, Dan Drummond.

The scouts spent the day at  
Coffield lake. They hiked from the  
Sharp school to the ranch.

A good time was had by all.

## Mrs. R. E. Eakins' Birth Celebrated By Her Children

Mr. R. E. Eaken's children, E.  
R. Eaken, Mrs. L. M. Tunison,  
and Mrs. W. P. Rose and their  
families celebrated their mothers  
birthday with a barbecue dinner  
at the R. E. Eaken home in San  
Antonio, Wednesday.

The dining table was laid with  
a hand-crocheted cloth and cen-  
tered with a large bowl of yellow  
and red roses. The afternoon was  
spent on Medina Lake. Eighteen  
relatives and 13 friends from San  
Antonio were present.

Mr. and Mrs. Eugene A. Mees  
and two sons, David and Eugene,  
and Mr. and Mrs. Monroe Marek  
and daughter Janet, and Mr. Pete  
Sukup and Mr. Steve Sukup spent  
Sunday at Lake Belton.

## Awards Offered For Texas 4-H Clubbers Who Improve Health

"Improving Family and Com-  
munity Living", the 1956 4-H  
theme, is being put into action by  
750,000 4-H Club members in the  
United States who are participa-  
ting in the National 4-H Health  
program.

Through the program, members  
are improving individual, family  
and community health. Individu-  
al 4-Hers and local clubs will be  
honored for outstanding accom-  
plishment by Eli Lilly and Com-  
pany, Indianapolis, Ind., a new  
donor of awards. Recognition for  
individuals include gold-filled me-  
dals for four county winners, and  
a \$150 College Scholarship for the  
state champion.

Attractive certificates will be  
presented to each of the four lo-  
cal 4-H Clubs in a county conduct-  
ing a health program worthy of a  
blue award rating. A maximum  
of two color certificates are pro-  
vided for the clubs which report  
the most outstanding local 4-H  
Health programs in the State.

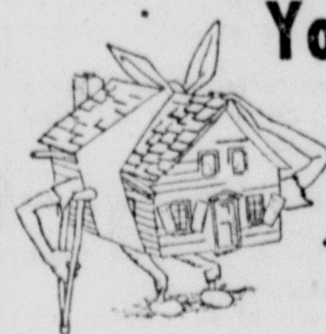

Health activities carried on by  
4-Hers include physical and den-  
tal check-ups; studies of home  
and community health and sani-

tation needs; practice of basic  
first-aid and emergency pro-  
cedures; cooperating in commu-  
nity health programs, such as pe-  
rio immunization, participation in  
physical and mental health pro-  
grams and camps; learning pro-  
per food habits; and many other  
activities relating to the improv-  
ing of health standards.

Suggestions on ways to develop  
individual and club health pro-  
grams are included in the  
national 4-H Health pro-  
gram leaflet, made available by  
the National Committee on Boys  
and Girls Club Work through coun-  
ty Extension offices. The program  
is conducted by the Cooperative  
Extension Service.

### CARD OF THANKS

You kindness at the recent  
death of our beloved wife and mo-  
ther is more deeply appreciated  
than any word of thanks can ex-  
press. We are sincerely grateful  
for the food, cards and beautiful  
floral arrangements which were  
sent during this time. May God  
bless each and every one of you.  
The E. J. Sebesta Family.

## Your Home May Never Die

But it can fade away if you  
don't keep it in good repair.

See us and you won't need ready cash to  
pay for our quality improvement materials  
as we have the low-cost FHA Pay-Out-of-  
Income Plan available.

You may take up to 36 months to repay . . .  
and finance amounts up to \$2500 without  
red tape or fancy charges.

Remember

"The well-kept home never grows old"

## "Our new '56 Plymouth gives us 7 big extras other low-price cars don't have!"

Do you own a '53, '54 or '55 model of one of the low-price 3? Then here's what you're missing—look how much more the all-new Plymouth offers:

**1 Tomorrow's styling today:** You can easily see Plymouth is all new, while other low-price cars haven't changed much in the last two years.

**2 Biggest, inside and outside:** Plymouth's the biggest, longest, roomiest car of the low-price three. A smoother ride and more room to enjoy it!

**3 Exclusive Push-Button Driving:** With a mere finger touch, you select your driving range—as you'd ring a doorbell. On left, out of children's reach. Positive, mechanical linkage.

**4 Choice of two superb engines:** Pick either Plymouth's sensational new Hy-Fire V-8 (up to 200 hp) or the super-economy PowerFlow 6.

**5 Top take-off and passing power across the board:** Plymouth's 90-90 Turbo-Torque provides

the greatest breakaway and passing power in all models of any low-price car.

**6 Greatest attention to safety:** Plymouth gives you many more standard equipment safety features—Safety-Rim wheels, electric windshield wipers, SafeGuard door latches, dozens more.

**7 Far more extra-value features:** Plymouth's low price includes many exclusive luxury features. Compare at your Plymouth dealer's today!

## PLYMOUTH costs less

From the day you buy it...through all the years you own it...you'll spend less on a Plymouth. That's one reason more Plymouths are used as taxis than all other cars combined.

## Cecil Holloway Rites Follow Violent Death

Cecil Holloway, 30, died at 1:30 p.m. Monday in a Houston hospital. He was the son of Mr. and Mrs. H. M. Holloway of Cameron. Mr. Holloway was a veteran of world war II and is survived by his widow, Mrs. Betty Louise; three sons Ronnie, Billy and Junion Holloway all of Houston; four brothers, Raymond Holloway of Houston; R. V. Holloway of San Francisco, Billy Holloway of De Ridder Louisiana and John Holloway of Cameron; six sisters, Mrs. Kenneth Steele of Houston, Mrs. Wayne Gibbs of Cameron, Mrs. Helen Sikes of Clarksville, Tennessee, Mrs. Fay Jones of Lawton, Oklahoma, Mrs. Annie and Nila Lynn Holloway of Cameron.

Funeral services were held at 3 p.m. Wednesday at the Full Gospel Tabernacle Church with H. M. Bowley, pastor, officiating. Interment was in Oak Hill Cemetery. Arrangements were in charge of Green's funeral home. Home.

Houston newspapers reported that Mrs. Holloway told police that she shot and fatally wounded her estranged husband during a quarrel at her home at 6116 1/2 Hamman early Monday.

## Mr. Steve Salach, 80 Dies Here Monday Buried Wednesday

Steve Salach, 80, died at a hospital here Monday at 1 p.m. Mr. Salach was born in Europe, and had lived in Milam County since 1908.

Funeral will be held at Marek Burns Funeral Home Wednesday at 10 a.m. with Rev. Clyde Holtzman officiating. Burial will be in North Elm Cemetery. Rosary will be recited Tuesday at 7:30 p.m. at the funeral home chapel. Surviving are one son, Bennie Salach of Beaumont; two daughters, Miss Lillian Salach and Mrs. B. M. Miller both of Fort Worth; one brother, Vince Salach of Temple; three grandchildren, 4 great-grandchildren.

Dr. C. G. Swift, Health Officer.  
John Eanes, Fire Marshal and Leola Richter Assistant Secretary.

## Council -

This petition was lost in a discussion of the need for a new courthouse and the apparent lack of interest of the people in DEMANDING of their commissioners court new modern and adequate facilities for the carrying on of the counties business.

The reaction in the instance of the un-cleanliness of the courthouse was exactly the same among members of the court. They found the need and found it hampered by the expense involved and due to the lack of interested citizens present to DEMAND action of them they became ensnared in conversation about the whole plant and in an air of being resigned to the fates the matter was pigeon-holed.

It was pointed out that Bell County has just spent \$203,442 on new construction of a Jail and more office space for the county on top of a \$385,000 issue in recent years for remodeling the old courthouse.

Judge Smith, in off the cuff discussion, suggested that each commissioner ask at least two of his constituents to interest themselves in the affairs of the county and sit in on future meetings of the court to be made aware of the needs of the county in the way of housing.

E. M. Willie presented his petition to the court in person on the Highway 36 right of way encroachment on his property. He asked \$2,000 for the land asked for by the county. His case was deferred to condemnation proceedings.

## Prescott -

ular office hours in the County Court House in order to serve the people of this County.

2. I will handle the people's business in a diligent manner as I have handled my clients legal affairs as a private attorney.

3. I will clean up the criminal dockets of our Courts and keep them clean.

4. I will work and cooperate with all Courts and all other offices of Government in the County.

5. I will handle the office of County Attorney without fear or favor and everyone will receive equal treatment under the Law.

I do not believe that the office of County Attorney has been handled in a way most beneficial to all of the people of the County, and as outlined in my above platform, I will handle the office so that it will be a credit to our County and to all of the people of our County.

Your assistance is respectfully solicited in this campaign, which I feel is a campaign for the people of our County. I will deeply appreciate your influence and vote, if you agree with these principles that I have outlined.

Respectfully submitted,  
Jack W. Prescott

Betsy Vogelsang

## Betsy Vogelsang Given DAR Good Citizen Award

Daughters of the American Revolution Good Citizen Awards have been presented to Miss Betsy Vogelsang of Cameron and Miss Cora Sue Caffey of Rockdale.

Miss Vogelsang, senior student at Yoe High School, was presented with a DAR Good Citizen pin April 5, according to Mrs. Henry Hefley.

Mrs. Hefley is regent of the Sarah McCalla Chapter in Milam County which met at the home of Mrs. John Henderson for the presentation.

Miss Vogelsang was selected for her dependability, service, leadership and patriotism. She is the daughter of Mr. and Mrs. F. W. Vogelsang, Columbus Avenue.

She has been active in class activities serving as sophomore vice president, and participating in the Junior play of "MacBeth". Betsy plays first clarinet in the band and has played also in a band quartet and swing band.

She has taken the Citizenship Trip held in Galveston in June for the past three years.

The outstanding teenager is a member of the History Club, has been a member of the Student Council for two years, and served as president one year. She attended the State Student Council Convention in Midland one year. She also holds membership in the Future Nurses Club and recently attended the state meeting of Future Nurses Club in Dallas.

She is a member of the annual staff, the Chant staff, and participates in interscholastic events.

She is a member of the First Presbyterian Church where she is president of the Youth Group, secretary of her Sunday School Class a member of the church choir, and a substitute Sunday School teacher.

## Lt. And Mrs. McLeod Of Carswell AFB Visit Here

Lt. and Mrs. Raymond McLeod visited over the weekend in the R. G. McLeod home, 206 W. 7th. St.

Lt. McLeod is stationed at Carswell Air Force Base at Fort Worth where he is Base Housing officer.

The Lieutenant and Mrs. McLeod are both students at Texas Christian University.

Mrs. Anna B. Slama returned Tuesday from a month visit in Washington D. C. where she has been a guest of her daughter, Miss Adele Slama. She went especially to attend the wedding of her daughter to Dr. Warren L. Bendel, on April 7 in Luther Place Memorial Church in D. C.

TRADE IN CAMERON

## Contracts -

bid of \$14,910.  
The three bids came to a total of \$157,190.

The meeting was scheduled to begin at 1:30 p.m. in the office of the Superintendent on Wednesday March 4 but was delayed thirty minutes in deference to one contractor who was late in arriving. The reading and discussion of the bids under the hammer of the Architect firm of Geren and Sen took about two and a half hours.

The architect fee which is legal and standard throughout the state is six percent of the total expenditure. Over and above the figures quoted here there will be a vocational building let on a separate contract. This building plus equipment is expected to run about \$25,000 and the furnishing of the Science room approximately \$2,000; Class rooms \$8,000 and Cafeteria equipment \$8,000. Over and above this the board has a committee appointed to negotiate for additional school grounds in the vicinity of O. J. Thomas school grounds. If there is a small balance it will be applied to liquidate a small indebtedness on the present Yoe vocational building officials said.

## Mrs. Jim Nolan Dies In Houston Rites Monday

Mrs. Jim (Cordeira) A. Nolan, 69, died at 4:45 a.m. Saturday in a Houston hospital.

The body was brought overland from Houston with Marek-Burns of Cameron in charge of services held by Father O'Reagan at St. Michaels in Burlington at 9 a.m. Monday. Interment was at Burlington Cemetery.

Rosary was read at 6:45 p.m. Sunday at the Boulevard Funeral Home in Houston.

Surviving Mrs. Nolan are two sons; John E. Nolan and James M. Nolan of Houston; seven sisters; Sister Mary Xavier, Mrs. James Busker, Mrs. Elwood Schwartz and Mrs. Foy Benesh all of Houston, Mrs. Chet Brandon of Puerto Rico, Mrs. Roy Shumway of Minneapolis and Mrs. Thomas Frank of Waco; one brother, R. P. Tallent of Dallas and twenty-five grandchildren.

## Jones And Bailey Family Reunion At Jones Prairie

The Jones and Bailey families held a reunion at the Rex B. Jones Ranch at Jones Prairie, Sunday, March 25, 1956 in honor of Mr. and Mrs. W. E. Siria of Route 2, Madison, Kentucky.

Mr. and Mrs. Siria were touring Texas and visiting with friends and relatives.

These attending this occasion were:

Mrs. Mary Bailey, Cameron, Texas, Mr. and Mrs. A. H. Halbadier, Cameron, Texas, Mr. and Mrs. Henry Bailey, Lexington, Texas, Mr. and Mrs. Gib Terry, Cameron, Texas, Mrs. C. H. Bailey, Rosebud, Texas, Mr. and Mrs. Glen Bailey and daughter, Ft. Worth, Texas, Mr. and Mrs. Chas. Bailey, Maysfield, Texas, Mr. and Mrs. Jack Bailey and children of Houston, Texas, Mr. and Mrs. Joe Bailey and children, Cameron, Texas, Mrs. Dela Caldwell, of Bremond, Texas, Mr. W. E. Bailey, Bremond, Texas, Mr. and Mrs. Richard Jones, San Antonio Texas, Mrs. Kathryn Dusek and son, Cameron, Texas, Mr. and Mrs. Monroe Jones, Freeport, Tex-

## Tear Gas Saves Money For Thorndale Firm But Torch Burns Records And Brings Tears To Eyes Of Bookkeeper

Sometime Tuesday night, April 3, the Ideal Motor Company of Thorndale was entered from the roof into the paint shop of the Chevrolet Company.

Mr. Wuensche noted the entry only after going to work at about 7:30 a.m. on Wednesday and immediately contacted Sheriff Black.

The intruders, after entering, successfully broke open doors until getting into the office of the 25 year old firm. They used an acetylene torch from the shop to burn open the company safe. After burning all the way in to the last wall of the safe door a tear gas bomb was exploded and succeeded in running off the intruders.

Before leaving however a locker was broken into which contained over \$200 in currency which belonged to the Lutheran Church and was in custody of the treasurer.

Officers out of Austin met Sher-

iff Black and took what evidence was there including prints which are being processed in Austin. Nothing was reported as complete in their findings Monday.

Records in the safe were destroyed by fire caused by the acetylene torch. All the company's records were destroyed. The bookkeeper reporting that she had made out all tax forms and had the check ready for mailing to the Internal Revenue Department when the intruders destroyed them. Sheriff Black got an extension on the company's tax payment. The tax return of the company had been checked in 1952 and because they were correct to the penny the department said they need not worry about it and get them in when possible.

The week of May 6-12 is Soil Conservation District Week in Texas. It begins on Soil Stewardship Sunday, May 6, when many churches will hold special services to recall man's duty to the land. During the rest of the week, most SCDs will present special tours, programs and field days to publicize their accomplishments and objectives.

Texas has 172 soil conservation districts which embrace 96 percent of the land area of the state. These districts represent the greatest force - and the first organized, locally-controlled force - for the conservation of soil, water, plants and wildlife.

Each soil conservation district was organized only after landowners of the area voted to have such a district. SCDs are legal subdivisions of state government, comparable to counties and school districts, but they have no taxing power. Each is governed by a board of five supervisors who must be landowners themselves and who are elected by farmers and ranchers of the district.

A soil conservation district helps its cooperating farmers and ranchers plan and apply conservation measures on their land. Following a master plan which was carefully prepared by farmer and rancher committees, each district works toward the goal of complete conservation for all the land in the district. Supervisors function as a co-ordinating body to stimulate and guide the efforts of local groups and individuals toward achievement of the district goal. Technical assistance is provided by various agencies, such as Soil Conservation Service, Extension Service, Forest Service, and Vocational Agriculture teachers.

Any landowner can become a SCD cooperator by applying to the board of supervisors. Becoming a cooperator does not involve any financial obligation. Texas SCDs now have 172,000 farmer-rancher cooperators, and the figure grows by 15,000 each year. Last year these cooperators covered 1,180,000 acres and stabled 256,000 acres of Texas land. They controlled brush on 1,322,000 acres and had 6,963,000 acres under deferred grazing. They built 10,700 miles of terraces, 7,540 miles of waterways, built over 10,000 ponds and 1 veed 74,000 acres of land for proper irrigation.

Supervisors of the Central Texas SCD are C. L. Stock, chairman, Edwin F. Fischer, secretary, Hal Hartwick, vice-chairman and B. A. Neumann and Joe Zajick. District offices are maintained at 114 N. 1st Street in Temple.

**Causes of Seedling Diseases**  
Much of the experimental work

now being carried on in Texas and various other states is aimed at fully defining the problem. Rhizoctonia Pythium, and Fusarium (soil fungi) have been isolated from young cotton in Texas. Any one or more of these fungi in various combinations are responsible for seedling diseases.

**Effects of Weather**  
In general the seedling disease complex does more damage during periods of cool, wet weather. Pythium is known to be active at lower temperatures, whereas Fusarium grows faster at higher temperatures. Strains of Rhizoctonia have different optimum temperatures for development. In general, the young cotton plant can better resist attack by disease fungi when the plant is growing under optimum conditions.

**Prevention of Seedling Diseases**  
1. Rotate Crop: Information is lacking concerning the best crops to use in a cotton rotation in order to cut down on seedling disease damage. There are many important advantages for cover crops turned under before cotton; however, at times they will increase seedling disease.

2. Soil Temperature: Soil temperature is an important criterion for planting cotton. Experiment State people have suggested waiting to plant until such time as soil temperature is 68 degrees to 7 degrees F. at 3-6 inch depth at about 7:00 a.m. for three consecutive days in the normal planting period.

3. Seed-borne diseases and rot-treatment is good insurance. Its principal value is from the control of seed-borne diseases and rotting of the seed prior to sprouting. Present methods of cotton seed treatment result in a relatively small area around the seed being pre-treated with chemicals. Therefore, the seedling is protected only as long as it is within this zone or until rain, soil chemical changes, or other factors neutralize the treatment material. Consequently, young cotton that has been up for several days or a few weeks has long since passed through the fungistatic zone created by the seed treatment chemical.

The presence of bad seedling blight should not be considered as a failure of seed treatment. Seedling blights are caused by both seed-borne and soil-borne organisms. Seed treatment gives excellent early control of all organisms both in the soil and on the seed. Later, after sprouting, seed treatment gives some control but not enough in some years. Seed treatment has eliminated the need for a lot of the replanting of cotton that was done in the past. It has also made it possible to plant cotton earlier in past years.

4. Fungicides In-The Furrow at

Planting Time: Nothing can be recommended or suggested as yet. However, in recent research in Texas and in other states several chemicals have shown some promise. A chemical or various combinations of chemicals may be recommended in another year or two.

5. Effects of Fertilizers on Seedling Blight Diseases: With high nitrogen there is a tendency for thin cell walls to be produced, hence the plants are more susceptible to penetration by disease fungi. With high phosphorus there tends to be better root development and the plants are less susceptible to seedling blight disease. The proper balance between the main fertilizers seems to be important.

6. Plant Reginned or Delinted Certified Seed on Well Pulverized Raised Seed Beds: These practices help provide optimum growing conditions for the young plant. Thus the plants can better resist attack by disease fungi.

7. Depth of Planting: Plant only deep enough to obtain good germination and stand. Avoid too deep planting if possible.

8. Use of Rotary Hoe: Help dry out soil around small seedlings by use of hoe. This helps provide optimum growing conditions. Thus the plants can better resist attack by disease fungi.

### Sharp, Tracy, Duncan See Light Hailstones

The Sharp, Tracy and Duncan communities were hit by wind, hail and rain Thursday afternoon. The hail was light and the rain measured .3 of an inch in Sharp. In the Tracy and Duncan communities heavy hail and hard rain which measured from 1 to 2 inches, damaged crops and gardens. A part of a roof was blown off a barn on the Ray Green farm and one side of a shed blown in on the Roy L. Green farm in the Tracy community.

### Van Winkles Have Navy Son At Home On Ten Day Leave

Carlton Jack Van Winkle was at home from Navy Training Center Saturday afternoon, April 7, visiting his parents while on a 10 day leave.

Mr. and Mrs. G. W. Van Winkle 110 S. Rush, are his parents. He will return to his permanent base at New Port, Rhode Island on April 18.

### Area Ministers Attend Presbytery

The Rev. F. L. Powers and E. L. Schroeder attended a meeting of the Austin Presbytery in Madison Square Presbyterian Church in San Antonio at 3:30 p.m. Sunday, April 8.

TRADE IN CAMERON

CAMERON'S LEADING NEWSPAPER SINCE 1889

## Rose Matyastik Area 8 Second V. P. of FHA And Members At Meet

By Rita Moraw

Rose Matyastik accompanied by four F. H. A. senior chapter members and Mrs. Imogene Whatley, Chapter Advisor left at 10:30 Friday morning for a two day Future Homemakers State Degree Review of Area VIII at the Navarra College in Corsicana, Texas.

As Area VIII, Second vice-president, Rose Matyastik was chairman of this reviewing conference and she carried with her Margie Wilkerson, Bernice Zarosky and Rita Moraw to serve as hostesses and provide recreation for the degree candidates while they were waiting for their degree record books to be evaluated. Mary Ellen Richter was also a member of this Cameron group who attended the

meetings and assisted Rose in order to learn more about working for the state degree for she hopes to obtain it next year. Rose presided at the sessions and was highly complimented by Mrs. Brown, Area Supervisor, for her efficiency at the meeting and in carrying out the other responsibilities of her area office during the year.

Before reaching Corsicana the group stopped and enjoyed a picnic lunch at Fort Parker and a site-seeing tour through the restored fort. They arrived at Navarra College to make adequate preparations for the registration and recreation.

Of the seventy-five persons attending the conference thirty-nine girls in Area VIII worked for their state degrees and presented

their degree record books. They'll receive their degrees at the state meeting on April 21 which will be held in Fort Worth. So far from Cameron only four girls have received this honor. They are Mary Hensley, Frances Vogalaang, Jane Henderson and Wilma Krumcke.

Right now Mary Ellen Richter, Rita Reid, Marye Horstmann and Anita Trdy are working on their degrees and plan to present their records next year at this time.

### CARD OF THANKS

We want to take this opportunity to thank our friends and neighbors for the kindness and sympathy shown us during the illness and at the death of our beloved son and brother Johnny Ernest Jungmann.

Our special thanks to those who sent flowers and food and to those who kept watch night at the

hospital and to anyone who helped in our home or aided us in any way at the time of our sorrow. We shall always be grateful. May God bless each and every one of you.  
Mr. and Mrs. J. H. Jungmann  
Evelyn Jungmann  
Mr. and Mrs. L. H. Richter  
and Barbara Ann.

Airman First Class Eugene Dusek, son of Mr. and Mrs. Edwin

THURSDAY, APRIL 12, 1956

Dusek of Cameron has recently been transferred to Ashiya Air Base, Kyushu, Japan. He will be instructor in instrument flying. He has been in the Air Force since 1953 and prior to his foreign assignment was stationed at Municipal Air Force Base in Long Beach, California.

For nappier eating

Smarten Up, Open Up Your Kitchen

Eating at home can be a lot more fun when the meal center has an attractive atmosphere. There's something about the stark whiteness and coldness of many kitchen and breakfast

homemakers today is the pine breakfast bar which permits quicker meals and snacks and easier serving.

Following the trend toward open planning, it serves as a room divider, eliminating the confinement of a solid wall.

Best of all, the western pine kitchen-breakfast bar combination is practically a "work-proof" work area because of its easy upkeep.

High on the list of modern

## FHA Style Show "April In Paris" At Yoe Tuesday

Yoe Future Homemakers are staging their annual style show Tuesday, April 17 at the High School Auditorium. The theme will be "April In Paris" and it will start at 8 p.m.

Faye Angell is chairman with Betsy Vogelsang, Rita Moraw, Rita Reid, Anita Trdy and Bernice Zarosky as committee members.

The girls will model garments they have made either at home or in Burbank, California on March half of the show and in the second part will model clothes from Cameron shops.

An in-between-acts skit will be a satire on this year's new hat fashions.

Everyone is invited to attend and see "Today's Top Fashions" billed as "April In Paris."

## Christian Young Adults To Elect Officers Sunday

The Young Adults class of the First Christian Church formed on Easter will meet next Sunday in the Parsonage to choose a class name and officers.

Fourteen were present at the first meeting of the class with Coach Homer Tompkins as teacher.

Plans are underway for a nursery so that all couples may attend both Sunday School and Church with their children taken care of. A Fellowship is held from 9:30 to 9:45 each Sunday before class time.

## Cameron Youths Attend Temple Presbytery Meet

Five young people of the Cameron Presbyterian Church attended the Spring Rally of the Senior High Fellowship of the Presbytery of Central Texas in Temple last week-end.

150 were in attendance from nearly every church in the Presbytery. Johnny Solomon was elected to the Young People's Council composed of nine members. They will all attend a training session at Mo-Ranch Assembly near Kerrville late in June.

Attending the Temple rally were Peggy Hightower, Ann Knipp, Johnny Solomon, Betsy Vogelsang and Mary Jane Vogelsang.

Mrs. J. B. White of the Cameron Herald, spent the weekend in Killean visiting her parents.

## Memo From A Mother-In-Law

A Mother-in-law's job starts long before the wedding," says Spring Byington, star of CBS TV's DECEMBER BRIDE. Preparing your child for a happy marriage should be a mother's most important job.

Always telephone or write ahead of time when planning a visit to your youngster. This way you'll always feel welcome and you'll avoid the uncomfortable sensation of thinking yourself unwanted.

## Yoe Jr. Tracksters Take 24-A Meet As Ducks Fly To Sr. Win

Cameron's Jr. Track team won the District 24-A competition by one point 26-25 for Belton with Rockdale in third position with 20 points; then Taylor with 10; Georgetown 4½ and Rosebud 2½ points each.

Taylor showed their prowess again in the senior division of this league by garnering 44 and five sixths of the total 152 and three quarters points for the meet. Belton was runner-up with 30 and one-third points; Rockdale 24 and one-third; Georgetown 21 and three quarters; Rosebud 18 and one-half and Cameron 13.

Killeen was the 1955 champion but was placed in another district for this year's meet.

First returns filed with the Grand Lodge in 1855 and showed the following list of members: W. L. Faulkner, A. H. Allen, Lewis Wells, Isaac Ledbetter, James Jeffries, J. M. Wilhelm, J. T. Daniel, G. S. Wilson, F. M. Smith, B. F. Ackerman, G. H. Jackson, S. W. M. Lewis, J. T. Arnold, J. J. Turnham, J. D. Overton, F. C. F. A. Hill, George Resley, S. C. Sanders, E. A.; J. T. Eubanks.

In the year 1855, agreement was made for the I. O. O. F. to meet in the Masonic Lodge Room.

January 23rd, 1856. Charter was issued.

December 27th, 1856, first returns made to the Grand Lodge. Officers at that time were: W. L. Faulkner, Worshipful Master; J. T. Jeffries, Senior Warden; Job Hobbs, Junior Warden; Jas. Jeffries, Treasurer; Stroud Melton, Secretary; A. Evard, Tiler.

The Lodge reported 26 members.

September 22nd, 1863, the Lodge voted to hold their meetings at 10 o'clock in the mornings, because they were unable to purchase candles. Agreed further to call off at noon till blowing off the horn.

May 6th, 1871, W. W. Oxsheer and J. C. Rogers conveyed to the Masonic Lodge and the Baptist Church lots 22 and 24 of Block Q, Original Cameron. This is the block on which the present city hall of Cameron now stands. The first Lodge building was erected on this site and the building later burned.

August 12th, 1871, cornerstone of first Masonic Lodge laid.

March 25th, 1874, San Andres Lodge recommended that the petition to form a Lodge at Rockdale be granted.

July 4th, 1891, an Extraordinary Communication of the Most Worshipful Grand Lodge of Texas held in the Lodge Room of San Andres Lodge No. 170, with Bro. George W. Tyler, Most Worshipful Grand Master of Texas, presiding. Many prominent visitors were present. This meeting was held for the purpose of laying the cornerstone of our court house here in Cameron. Many unusual and interesting articles are listed as contained in this cornerstone, including several pieces of Confederate money.

August 31st, 1895, San Andres Lodge and the Baptist Church partitioned the property which had been conveyed to them jointly, by W. W. Oxsheer and J. C. Rogers. The Lodge acquired the South 1/2 of these two lots.

March 17, 1897, the Lodge rented the old grand jury room for a meeting place. The room referred to was in the old brick building which formerly stood on the N. E. corner of the court house square. A later reference in old minutes shows that the Lodge paid Milam County \$100 per year rent.

April 25th 1912, the building committee reported closing a trade with Bro. A. J. Dossett for the lot on which our Lodge building now stands, for \$1,000.00. A permanent building committee was appointed, consisting of: Dr. D. Monroe, W. F. Paden, R. P. Jeter and A. J. Dossett.

June 24th, 1912, building committee reported it had sold property formerly used by the Lodge in Block Q, original Cameron, to J. H. Gandy for \$2,250.00 and the money to be applied on new Lodge building.

October 24, 1912, building committee submitted plan for construction of Lodge building and agreement with contractor and plan was adopted.

Nov. 12, 1912, cornerstone of the new building was laid by acting Grand Master, B. F. Frymeyer. All the Lodges of Milam County took part. Brother John Maxwell of Waco, was orator for the day.

Nov. 13, 1913, San Andres Lodge No. 391 merged with San Andres to Buckholts Lodge No. 1092.

Dec. 3, 1917, Brother C. H. Yoe who was Worshipful Master of this Lodge at two different times, and for more years than any other person, was laid to rest with Masonic Honors.

Dec. 30, 1921, cornerstone of the Methodist Church laid by Grand Master Andrew L. Randall, with Masons from all over Texas present.

Oct. 16, 1933, Brother Max Collins buried with Masonic Honors. June 28th, 1945, Brother Oxsheer Smith reported that debt on our building had been paid in full and the Lodge planned to make improvements to the building.

Jan. 9, 1948, Brother Robt. McLane was presented with fifty-year pin.

Feb. 24th, 1949, Brother H. L. Atkinson presented with fifty-year pin.

Oct. 1950, Masonic Home and School football team played at Yoe High School in Cameron. Paul Smith, who was football coach of the Yoe High School team, was raised in the Masonic Home. Both teams were entertained by San Andres Lodge.

July 24th, 1952, Baileyville Lodge No. 89 merged with San Andres Lodge.

July 8th, 1954, Grand Lodge fil-

## The Grass Is Green In Cameron

By James E. "Bo" Patersons

While some patrons of the Cameron Independent School District may feel that model schools and equipment are to be found only in other sections of Texas or other states and that Cameron educators would do well to look elsewhere for a pattern for plant, methods and equipment improvements, "the grass on the other hills is greener". Then these misguided persons should be let in on an open secret to wit:

On April 4, five members of the Hubbard School Board and two, interested citizens of that central Texas town spent two and a half hours investigating Ben Milam's Cafeteria. They came here as invited guests of the school after requesting permission to look in on what they were told was a MODEL SCHOOL.

For two and a half hours the gentlemen from Hill County, took notes on the equipment with special emphasis on the electrical

ty-year service award presented to Brother Oxsheer Smith.

April 28th, 1955, Lodge agreed to have air conditioning installed in the Lodge room at cost of \$2,364.00.

August 25th, 1955, Bros. John W. Haygood, Robt. P. Williams and Grady Allen, Sr., were presented with Life Membership certificates for distinguished service rendered this Lodge, and Masonry generally. Bro. Oxsheer Smith has been a life member for many years.

equipment, then they noted the dispatch with which two hundred children were fed and the dietetics that were observed.

These men were J. W. Crain, Earle F. Jacoby, P. H. Woodard, P. H. Killough, C. W. Smith, Odis Andersen, and Jack Dobbs.

But nothing was said about the curriculum? Not by that group, they were interested in building and equipment and they complimented the Cameron authorities on their equipment and methods as being SUPERIOR but this is not the only visit the school system has had.

Teachers from Temple, Mason and Houston have written for appointments to come to Cameron to observe the teaching methods in the grades. The lady who inquired from Mason has yet to come after getting a letter of invitation from Principal Wiley Loughmiller. She reported that her information was that the Cameron system uses excellent teaching methods and that it is her desire to observe.

During Public Schools week few citizens of Cameron took the time to observe the methods by which their children are taught and should the interest of outsiders be insufficient as proof of the excellence Cameron Schools then there is only one thing left for one to do if doubt exists, and that is to SEE FOR YOURSELF. You will be as welcome as any of the outsiders have been.

YOU'D GIVE A LOT FOR  
CLEAN, COOL COOKING WITH  
no hangover heat \*

... yet it's always  
ECONOMICALLY  
YOURS  
with  
flame-fast  
gas

MERRY MODERN SAYS:  
It's time to change over  
to a really modern  
automatic gas range

If fixing meals heats up the kitchen — and your temper — then it's high time you enjoyed the wonders of a new gas range. See the beautiful new models now on display at most dealers. Look over the many time-saving, work-saving automatic features. Then ask about the big trade-in allowances and easy, easy terms. You'll be very glad you did!

## DON'T BE FOOLED!

For what it costs to cook with non-flame, artificial methods for ONE YEAR, you can cook more than FOUR YEARS with modern flame-fast GAS.\*

\*Almost everywhere in Lone Star Land!

NOW... it's TIME for the TOPS!  
The time of your life to own the  
tops in top-of-range cookery at  
really TOP SAVINGS!

## IT'S NEW!

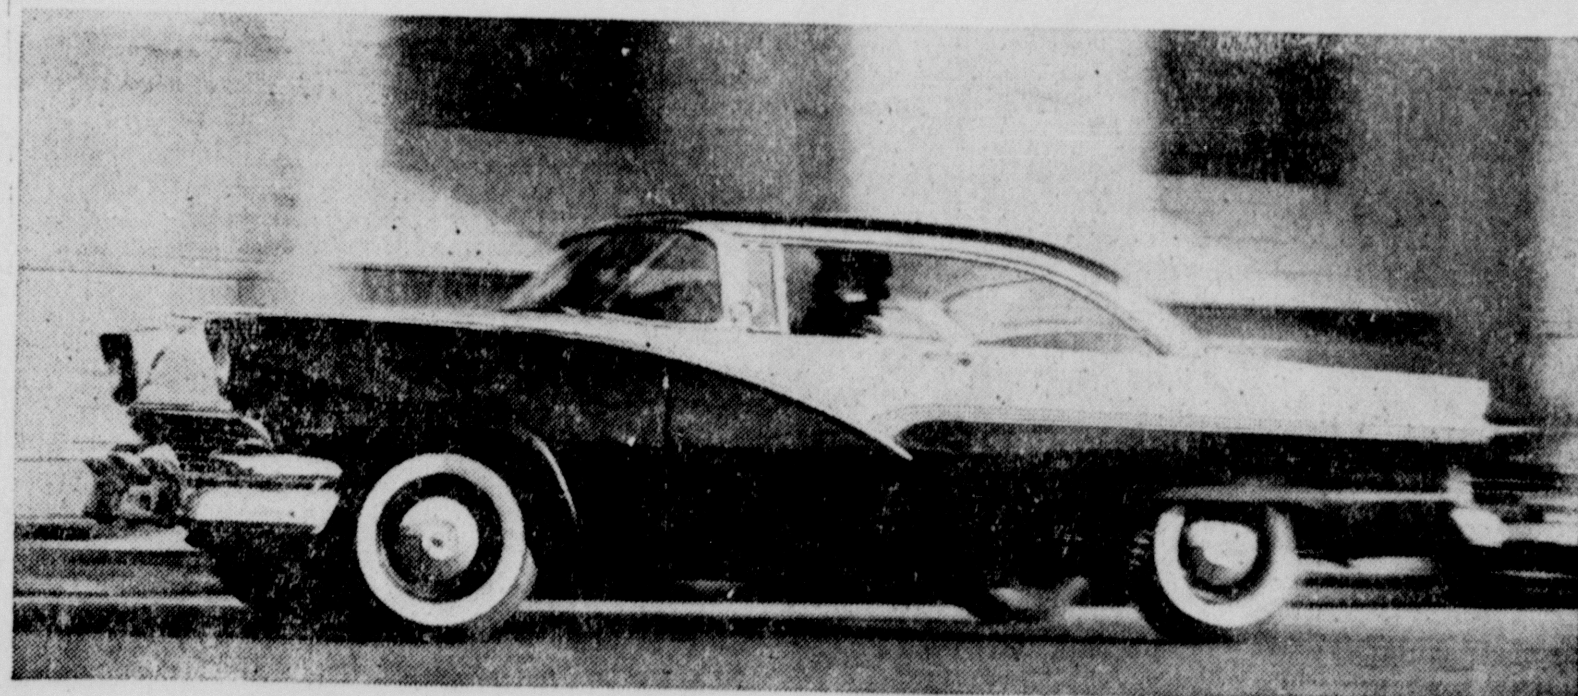

FOOD  
WON'T  
BURN

\*Gas flame turns off instantly! No hangover heat to overcook or burn foods. No lingering heat in kitchen, keeping pots steaming and soiling walls.

Its  
power packin' punch  
put it No.1 in V-8 sales

And now Ford's new 225-h.p. engine  
gives you even hotter performance!

Today's trend in automobiles is to the V-8 engine. That's because today's car buyer demands performance. And sales figures show that Ford V-8 with its power-packin' punch is the largest-selling eight in the world! Official figures for 1955 show that 346,373 more people bought Ford V-8's than bought the two other low-priced eights combined!

But now Ford is setting an even hotter V-8 pace by making available the biggest engine ever offered in the low-price field. It's the Thunderbird Special V-8—and you can order it now in Fairlane and Station Wagon models. With a displacement of 312 cubic inches and 225 horsepower, it whisks you from "whoa" to GO as you've never gone before!

Ford gives you that wonderfully long, low look of the Thunderbird. You get Lifeguard Design, also, to help protect you in case of accident. Test Drive this new Ford... today!

Ford wins all 3 awards
